About the Faculty of Pharmacy

The Faculty of Pharmacy at Kalinga University is deeply committed to producing highly skilled pharmacists and scientists who uphold ethical standards and are equipped to address community health needs. The emphasis on international standards, scientific research, and community service reflects a holistic approach to education and professional development. The investment in state-of-the-art laboratories demonstrates a dedication to providing students with practical, hands-on learning experiences in pharmaceutical sciences.

About the Conference

The "Emerging Perspectives and Future Trends in Pharmaceutical and Allied Sciences for Global Health and Well-Being" conference aims to serve as a dynamic platform for the exchange of knowledge, ideas, and innovations across borders. It will bring together experts, researchers, practitioners, and industry leaders from diverse fields to address pressing global challenges. These events foster collaboration, inspire new perspectives, and create opportunities to establish lasting networks that transcend geographical boundaries. By participating in international conferences, attendees contribute to the advancement of science, technology, and societal well-being on a global scale.

Objectives

The primary objective of the conference is to provide a dynamic and interdisciplinary platform for researchers, academicians, healthcare professionals, industry experts, and policymakers to explore and exchange cutting-edge innovations in pharmaceutical and allied sciences. The conference aims to:

- Foster collaboration and knowledge sharing in the fields of drug discovery, biotechnology, artificial intelligence, green chemistry, and nanotechnology.
- Highlight the transformative potential of scientific advancements in addressing global healthcare challenges with a focus on sustainability, accessibility, and equity.
- Encourage the translation of research and innovation into practical solutions that can improve patient outcomes and enhance public health.
- Promote interdisciplinary dialogue to accelerate the development of safe, effective, and affordable healthcare technologies.
- Support the next generation of scientists and professionals by providing opportunities for learning, networking, and professional growth.

Call for Papers

The International conference invites abstracts from delegates from all over the globe, including guest/invited speakers, faculty, research scholars, postgraduate and graduate students from different organisations. This conference will be a suitable forum for sharing views on recent trends and perspectives in drug discovery and development. Abstracts up to 250-300 words should be prepared using Times New Roman (12pt) in a single line. The title should be in bold. The abstract should be free from plagiarism. Mention the names of the author(s), affiliation(s), and Email ID of the corresponding author.

Underline the name of the presenting author and email to icfop@kalingauniversity.ac.in. All the abstracts will be published in the form of conference proceedings with an ISBN. A soft copy of the conference proceedings will be provided to all the participants.
